COMMISSIONER KONE TO SPEAK SATURDAY

Marked interest is being manifested in the meeting to be held in Amarillo Saturday afternoon at 1:30 o'clock in the district court room, in which Ed R. Kone, commissioner of agriculture for Texas, will be the principal speaker. The farmers of Potter and adjoining counties are urged to be in attendance to hear what the state commissioner of agriculture has to say on farming in this section of the state.

It is understood that a number of the prominent farmers near Amarillo are personally giving their time to the advertisement of this meeting. The program will be strictly informal, only the talk of Mr. Kone being scheduled by the committee having the matter in charge. Every business man in Amarillo is invited to be present and take under consideration the matters to be presented by Commissioner Kone.

When in need of some one to carry a note, a present, a parcel or make a delivery of any kind Ring 113; we are the candy kids.

HEMPHILL SHERIFF ON RECOVERY TRIP

Sheriff W. B. Johnson of Canadian, well known throughout this section, and the state, was in Amarillo yesterday, en route to Mineral Wells, where he will stay several weeks for the benefit of his health. Sheriff Johnson has spent many years in the Panhandle a majority of the time being connected with the peace departments of the county and the state.

It is not to be inferred by the visit of Mr. Johnson to Mineral Wells that he is in a dangerous condition, for he is quite vigorous, but goes to the resort at the suggestion of his physician.

MANY WANT TO JOIN PANHANDLE SHERIFFS

Frank E. Buckingham, secretary-treasurer of the Panhandle Sheriffs and Tax Collectors Association is authority for the statement that applications are coming in to the organization at a lively rate. The membership cards are being issued, and the bylaws and constitution outlined at the first meeting have been printed, and will be sent out to the various officers and members.

It is stated that from present indications, practically every eligible in the territorial jurisdiction of the Association will become members of the affiliation. Efforts are being put forth to this end, and President Burwell and Secretary Buckingham are working together to assure it.

How To Tell if Your Hair is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall "92" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation to stimulate the hair roots, tighten the hair already in the head, grow hair and prevent baldness.

It is because of what Rexall "92" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two for 50c, and \$1.00. Sold only at Green Bros. Co., The Store, L. O. Thompson & Co.

To Our Friends and Customers:

WE TAKE this method of advising you that on Dec. 11 we will inaugurate a cash system. Any business carried on under the "charge system" necessarily carries a certain number of losses and while this statement is not a reflection made on anyone's integrity, yet it is true in every sense of the word. By doing away with the "charge system" we will be able to save every person that trades with us money and still make the aggregate profit at end of the year. And we are going to save you money. To show you that right from the "jump" we mean business, every thing in the house will be sold from two to ten per cent less than formerly.

Yours for a larger and more satisfactory business.
